Transcriber's Office

January 26, 2000 LB 480

visited with the physician's assistants after...well, both before and after the hearing and didn't want to mess with it on General File, so would like to bring it to you today. And then on one place in the bill the word "commission" inadvertently got left in, instead of being replaced with "council", so that's all this amendment does. I'd be happy to answer any questions.

SENATOR CUDABACK: Thank you, Senator Stuhr. We are now discussing the Stuhr amendment, AM2140. Senator Crosby, you're recognized.

SENATOR CROSBY: Thank you, Mr. President and members. I'm not speaking to this amendment in particular, but things were going by me so quickly here I thought I better turn my light on because I do want to speak about LB 480. Senator Schimek, is
